ISRT Pre-Conference Board Meeting April 19, 2012

In attendance: Rikki Waller, Mike Gurr, Ivana Hanners, Kristin Graves, Candice Moore, Patti Allen, Bill Brennan

Meeting called to order at 5:45pm MST

Established a quorum.

Motion made, seconded and passed to approve previous minutes.

Conference Chairman Report: We should have about 115 people each day of the Conference. All the speakers have been approved. The Business Meeting will be on Saturday during lunch. Someone applied for the Technologist Conference Scholarship and it was decided by the Board to give it to them.

President Report: The President and the Secretary are currently attending the Leadership Academy. The Leadership Academy is a great opportunity for learning and we should look into this for the newly elected President-Elects. The President would like to thank the Chairman for taking on the Conference this year. We need to set up some kind of mentoring program for new board members. We need to utilize the ASRT more to help our affiliate. One idea that should be pursued in the future is having ASRT send out an email blast for us. The President would like to set a goal to have more volunteers to help with licensure. The bill almost passed, but was dropped at the last minute. The President would like to pursue licensure again next year. It was also discussed utilizing social media more.

President-Elect Report: The President-Elect obtained the plaques for the Conference.

Treasurer/Membership Report: Report handed out. We now have over 300 members. This means that we have doubled our membership this year due to the free membership offer. The Treasurer/Membership Officer will be resigning her position at the end of the Conference. We will need to hold an election for a new Treasurer/Membership Officer. It was discussed splitting this office into a separate Treasurer and Membership. Another idea was to have a Membership Committee. It was asked about making it easier to retain the members that we acquired this year. The new Treasurer/Membership Officer should look into ways of renewing membership online. It was suggested using WePay or PayPal.

April 19, 2012

Historian Report: We don't currently have a Historian. Several of the board members will take pictures. The Chairman will try to put something together either on Shutterfly or in an album of some kind.

Webmaster Report: None at this time.

Scattered Radiation Report: The last issue was sent out to about 275 members.

Old Business: The ASRT Affiliate Development Program will be discussed at the Post-Conference Board Meeting

New Business: The President and Secretary will be going to the House of Delegates meeting in Las Vegas in June. The location for the next conference was discussed. Nothing so far; it will be brought up at the Conference.

Next meeting will be the Business meeting on Saturday.

Motion made, seconded and passed to adjourn meeting

Meeting adjourned at 7:20pm MST
