

Idaho Society of Radiologic Technologists

Established November 8, 1941

2020 ANNUAL EDUCATIONAL CONFERENCE

The Idaho Society of Radiologic Technologists will be holding their annual conference in Boise, ID on Friday, April 24th and Saturday, April 25th, 2020. Upwards of 150 technologists, and more than 50 graduating radiologic technology students will be attending.

Employment in the medical imaging profession requires individuals that understand change and are ready to respond to new, emergent technologies. Idaho being a rural state, is coupled with political, financial and geographic barriers to providing educational opportunities for practicing professionals. One mission of the ISRT is to provide an avenue for practicing technologists to gain new knowledge and renew current practices to provide “state of the art” care to the citizens of Idaho. This conference will provide attendees with needed continuing education on a variety of topics relating to healthcare and medical imaging.

The ISRT is actively seeking vendor partners who wish to host a table display, monetarily sponsor one of our events, or provide door prizes. The fee for exhibit space will be \$300. Exhibit fees include recognition as a Sponsor, attendance to the traditional Vendor Reception and Student Bowl on Friday night and continental breakfast on Friday and Saturday morning.

For your convenience, a Vendor Registration Form has been included. We are looking forward to seeing you at the conference. Please feel free to contact me with any questions.

Registration begins Friday at 7 a.m. Please consider this opportunity and reserve your table or donate today! Just return the form below (or download the form at www.idahoisrt.org) and your check! Space is limited so don't delay!

Best regards,

Ricky Sanchez, R.T., (R)
