

## Idaho Society of Radiologic Technologists

Established November 8, 1941

Plans for the 2022 Idaho Society of Radiologic Technologists (ISRT) Conference are currently underway. It will be held April 29th and 30th at the Shoshone Bannock Hotel Chiefs Event Center, on I-15 Exit 80 Fort Hall, ID.

Employment in the medical imaging professions requires individuals that understand change and are ready to respond to new, emergent technologies. Idaho, being a rural state, is coupled with financial and geographic barriers to providing educational opportunities for practicing professionals. One mission of the ISRT is to provide an avenue for practicing technologists to gain new knowledge and re-new current practices to provide “state of the art” care to the citizens of Idaho. This conference will provide attendees with needed continuing education on a variety of topics relating to healthcare and medical imaging.

As the ISRT is a non-profit organization, we would greatly appreciate your support. It is with the assistance of contributors such as yourselves that we are able to make this conference both affordable and meaningful to the Technologists of Idaho. We are projecting an attendance exceeding 250 individuals. Would you consider assisting with one of the following?

- A financial donation of any amount
- Sponsoring a luncheon, snack, or speaker
- Advertising or providing a company display booth
- Donating items to be used in the registration bags or as door prizes

All contributors will be listed on the program given to each attendee as well as announced throughout the two day event. If you are interested in additional advertising, we would like to invite you to set up a display booth at our conference.

We hope that we will be able to add your name to our list of excellent sponsors. Attached is a sponsor form, please complete it and return it with your check or donated items to the address listed. Items may be picked up for your convenience. For more information or to submit an electronic payment for sponsorship (**preferred method**) visit [idahoisrt.org](http://idahoisrt.org)

Thank you for your contribution, these funds directly support Registered Technologists and imaging students in the **entire** state of Idaho! If you have any questions email [isrt@live.com](mailto:isrt@live.com)
