

Post Conference ISRT Board Meeting Minutes 4/30/22 1810 - 1830

Present:

Tim

Michael

Casey

Breezy

Rendi

Meeting minutes:

The ASRT election report is filed.

Casey offers ideas to increase ISRT membership enrollment. One is to place student presidents from imaging programs on the ISRT Board. Another idea is to increase the ISRT presence on social media, specifically with LinkedIn.

Breezy offers the idea of quarterly newsletters from the ISRT. Tim will revisit this idea with Michael later this year.

Casey proposes a feedback letter be sent to this year's conference attendees to increase engagement.

Board members offer collective feedback for this year's conference.

April 22, 2023, is decided as the best date for the next one day conference.

The 2024 in-person conference is tentatively planned for a location in northern Idaho. The exact date and location are yet undecided.

This year's next Board meeting will be held on Teams this August.

Casey offers the suggestion a donation link be added to the ISRT webpage. This item will be researched and discussed during the August Teams meeting.
